TICK TALKS (Located in the Horticulture Cottage)

Master Gardeners speak on ticks. Offering FREE insect identification all day.

Since 1913, CCEUC uses research based knowledge through their partnership with Cornell University to assist the residents of Ulster County. CCEUC offers resources, tools and education through on-going community programming in efforts to improve the lives of broad and diverse county population. Program areas include: Agriculture, Horticulture, 4-H Youth Development, Environmental and Healthy Communities.

CCEUC is a registered 501(c) 3 non-profit educational organization and part of the Cornell Cooperative Extension land grant system, a partnership between County, State, and Federal governments. CCE mission: to enable people to improve their lives and communities through partnerships that put experience and research knowledge to work.
